Daily Scrum Meeting #2 – October 11, 2026

Project: Clinic Appointment System
Meeting Type: Daily Scrum #2
Duration: 14:24 minutes
Platform: Google Meet

Attended by:

Name	Role
Mineh Jami	Scrum Master
Sewara Rashidi	Team Developer
Sonbol Almas	Team Developer

Meeting subject:

The purpose of the meeting was to share the progress made by the team on day 1 of the sprint, and any issues they had faced. We also planned to discuss the steps on how to proceed next.

Meeting Summary:

Mineh Jami (Scrum master): Introduced the meeting, inquired about problems and blockers and clarified the expectations for the next day.

Sewara Rashidi(Team developer): Shared the change in the implementation plan. Confirmed programming and markup languages. She explained her completed tasks including configuration of GitHub and cloning the development repo, creating a branch, testing a simple php page, and preparing the initial database plan for the Users table .

Sonbol Almas(Team developer): shared the distribution of tasks across the days of the sprint. She explained her completed tasks and introduced her tools for styling the frontend including CSS and BootStrap. She also described how she resolved a minor bug (further explained in the Issues and Blockers section of the sprint backlog)

Key Points of the meeting:

- Division of responsibilities reevaluated.
- Sprint backlog tasks updated
- Sprint backlog tasks status updated.
- All frontend and backend tools configured and tested.

Notes:

Changes made to the workflow are only in the distribution of the responsibilities and do not affect the product backlog or chosen user stories.
